Autohome Inc. Announces Unaudited Third Quarter Ended September 30, 2019 Financial Results

Established Dividend Policy of Recurring Annual Cash Dividend Pay-outs

BEIJING, November 5, 2019 – Autohome Inc. (NYSE: ATHM) (“Autohome” or the “Company”), the leading online destination for automobile consumers in China, today announced its unaudited financial results for the third quarter ended September 30, 2019.

Third Quarter 2019 Highlights

- **Net Revenues** in the third quarter of 2019 were RMB2,170.2 million (\$303.6 million), an increase of 14.9% year-over-year.
- **Mobile Traffic Leadership Continues:** In September 2019, the total number of average daily active users who accessed the Company’s mobile websites, primary application and mini-apps reached 38.8 million, representing an increase of 38% compared to September 2018, and further solidifying the Company’s dominant position in China’s auto vertical sector.
- **Intelligent New Car Launch:** Launched in June 2019, the Intelligent New Car Launch is a data product for automakers by leveraging the Company’s content and big data capabilities, aiming to improve the market awareness of newly launched car models. By the end of September, eight automakers have signed up for this new service.

Mr. Min Lu, Chairman of the Board of Directors and Chief Executive Officer of Autohome, stated, “Autohome delivered solid results amidst a challenging operating climate with revenue totaling RMB2.17 billion. In the third quarter, we strived to bring users enriched content and offered them more value. Road trip related content attracted attentions from both automakers and auto fans. Data business sustained its momentum as we saw strong demand from customers for our newly launched data products, which demonstrated our leading position in this space. Furthermore, our prudent overseas business expansion is well on track. All these developments demonstrate that Autohome as a first mover, consistently improves and diversifies its offerings to capture opportunities for future growth.”

Mr. Jun Zou, Chief Financial Officer of Autohome, added, “In the third quarter, Autohome maintained its solid growth with total revenue increasing by 14.9% year-over-year, driven by our resilient core business as well as robust new initiatives. With our strong balance sheet and abundant cash on hand, we believe we are well geared to make investments in strategic areas that will contribute to our long-term growth. In addition, given our strong cash position and ability to generate cash flow, our board of directors approved an annual cash dividend policy. The amount of the first dividend based on the policy will be announced after the disclosure of the fourth quarter 2019 results. This dividend plan showcases our confidence in the Company’s business and our firm commitment to our shareholders.”

Use of Non-GAAP Financial Measures

To supplement net income presented in accordance with U.S. GAAP, we use Adjusted Net Income attributable to Autohome Inc. Non-GAAP basic and diluted EPS and Adjusted EBITDA as non-GAAP financial measures. We define Adjusted Net Income attributable to Autohome Inc. as net income attributable to Autohome Inc. excluding share-based compensation expenses and amortization expenses of intangible assets related to acquisitions. We define Non-GAAP basic and diluted EPS as Adjusted Net Income attributable to Autohome Inc. divided by the basic and diluted weighted average number of ordinary shares. We define Adjusted EBITDA as net income attributable to Autohome Inc. before income tax expense/(benefit), depreciation expenses of property and equipment and amortization expenses of intangible assets and share-based compensation expenses. We present these non-GAAP financial measures because they are used by our management to evaluate our operating performance, in addition to net income prepared in accordance with U.S. GAAP. We believe these non-GAAP financial measures are important to help investors understand our operating and financial performance, compare business trends among different reporting periods on a consistent basis and assess our core operating results, as they exclude certain expenses that are not expected to result in cash payments. The use of the above non-GAAP financial measures has certain limitations. Share-based compensation expenses have been and will continue to be incurred in the future and are not reflected in the presentation of the non-GAAP financial measures, but should be considered in the overall evaluation of our results. These non-GAAP financial measures should be considered in addition to financial measures prepared in accordance with GAAP, but should not be considered a substitute for, or superior to, financial measures prepared in accordance with GAAP. For more information on these non-GAAP financial measures, please see the table captioned “Reconciliation of non-GAAP and GAAP Results” set forth at the end of this press release.
