Autohome Inc. Announces Investment in TTP Car Inc.

BEIJING, June 6, 2018 — Autohome Inc. (NYSE: ATHM) (“Autohome” or the “Company”), the leading online destination for automobile consumers in China, today announced that it has reached a definitive agreement with TTP Car Inc. (“TTP”), a company operating an online auction platform for used automobiles, pursuant to which Autohome agreed to make an investment in TTP in the form of an 8.0% convertible bond for consideration of US\$100 million in cash. The transaction is expected to close in the second quarter of 2018, subject to customary closing conditions. In addition, within three years after the closing, Autohome has the right to purchase an additional 8.0% convertible bond in aggregate in the principal amount of US\$65 million to be issued by TTP upon Autohome’s request from time to time.

Mr. Min Lu, Chairman of the Board of Directors and Chief Executive Officer of Autohome, stated, “The used car business is one of Autohome’s strategic directions. We have already built a cutting-edge e-commerce platform for used car customers along the entire value chain from used car sales to used car purchasing. As one of the leading online players, we believe the offline used car business is the inevitable direction to set up our online-merge-offline (OMO) system and optimize Autohome’s business interest. TTP is a leading player in the used car auction industry, having a nationwide presence with its service network. The cooperation with TTP is one of the milestones of Autohome’s OMO strategy.”

Mr. Jun Zou, Chief Financial Officer of Autohome, added, “Autohome is building an eco-system through organic growth and investments, and TTP plays an important role in such an eco-system. The two companies have strong strategic alignment, and their businesses complement each other. We believe the cooperation will generate significant synergies for both parties.”
