Unaudited First Quarter 2018 Financial Results

Net Revenues

Net revenues in the first quarter of 2018 were RMB1,288.1 million (\$205.3 million) compared to RMB1,206.8 million in the corresponding period of 2017.

- Media services revenues increased 20.3% to RMB584.2 million (\$93.1 million) from RMB485.6 million in the corresponding period
 of 2017. The increase was mainly attributable to an increase in average revenue per automaker advertiser as automakers continue
 to allocate a greater portion of their advertising budgets to Autohome, with increasingly diversified and optimized portfolio of products
 being offered.
- Leads generation services revenues increased 30.6% to RMB610.8 million (\$97.4 million) from RMB467.6 million in the
 corresponding period of 2017. The increase was primarily attributable to a 17.6% year-over-year increase in average revenue per
 paying dealer as dealers continue to allocate a greater portion of their budgets to the Company's services, as well as an expanded
 dealer client base.
- Online marketplace and others revenues were RMB93.1 million (\$14.8 million) compared to RMB253.6 million in the
 corresponding period of 2017. This was a result of the Company's strategy to de-emphasize direct vehicle sales and focus on
 facilitating transactions. Online marketplace and others revenues in the first quarter of 2018 consisted of revenues related to new car
 and used car marketplace, auto-financing business, data products and others. Excluding the revenues from direct vehicle sales,

 corresponding period of 2017.

Cost of Revenues

Cost of revenues decreased 58.1% to RMB146.1 million (\$23.3 million) from RMB348.8 million in the corresponding period of 2017, primarily due to a decrease in cost of goods sold related to direct vehicle sales. Excluding the cost of direct vehicle sales, cost of revenues would have increased 24.3% to RMB146.1 million (\$23.3 million) from RMB117.6 million in the corresponding period of 2017. In addition, cost of revenues included share-based compensation expenses of RMB1.1 million (\$0.2 million) during the first quarter of 2018, compared to RMB4.1 million for the corresponding period of 2017.

Operating Expenses

Operating expenses increased 24.0% to RMB689.7 million (\$110.0 million) from RMB556.4 million in the corresponding period of 2017. This increase was mainly due to increases in sales and marketing expenses and product development expenses as the Company continues to reinvest in future growth opportunities.

- Sales and marketing expenses increased 29.9% to RMB398.0 million (\$63.5 million) in the first quarter of 2018, compared to
 RMB306.3 million in the corresponding period of 2017. The increase was primarily attributable to an increase in offline execution and
 branding expenses as well as salaries and benefits. Sales and marketing expenses for the first quarter of 2018 included sharebased compensation expenses of RMB11.5 million (\$1.8 million), compared with RMB10.7 million in the corresponding period of
 2017
- General and administrative expenses increased 4.1% to RMB62.9 million (\$10.0 million) from RMB60.4 million in the corresponding period of 2017. The increase was primarily attributable to an increase in share-based compensation expenses. - Product development expenses increased 20.6% to RMB228.8 million (\$36.5 million) from RMB189.7 million in the corresponding
 period of 2017. This increase was primarily attributable to an increase in salaries and benefits associated with growth in product
 development headcount, which is in line with the Company's strategy of strengthening its technology and big data analysis
 capabilities. Product development expenses for the first quarter of 2018 included share-based compensation expenses of RMB11.3

If excluding direct vehicle sales, this represents a 29.6% to 31.1% year-over-year increase. This forecast reflects the Company's current and preliminary view on the market and its operating conditions, which are subject to change.

Starting on January 1, 2018, Autohome adopted a new revenue recognition accounting standard ASC 606.
